

Institutional Policy on Eligibility for

New Jersey Tuition Aid Grant (TAG) and Dependent Tuition Remission

Policy Title: Ineligibility for New Jersey Tuition Aid Grant for Students Receiving Dependent Tuition Remission

Effective Date: 2025-2026 Aid Year and Beyond

Reviewed/Revised: February 27, 2025

Responsible Office: University Enrollment Services - Compliance

Purpose:

The purpose of this policy is to clarify the eligibility requirements for students receiving tuition assistance through the New Jersey Tuition Aid Grant (TAG) and dependent tuition remission. This policy ensures compliance with state regulations and institutional guidelines regarding the allocation of financial aid.

Policy Statement:

Students who are receiving dependent tuition remission, which covers the full cost of tuition expenses at Rutgers, The State University of New Jersey, are not eligible to receive the New Jersey Tuition Aid Grant (TAG). TAG is a state-funded financial aid program intended to assist with tuition costs for eligible New Jersey residents attending approved institutions. Since the dependent tuition remission program already covers all tuition costs for the student, the student is considered fully funded for tuition and, therefore, ineligible to receive TAG for the same tuition expenses.

Scope:

This policy applies to all undergraduate students who are receiving dependent tuition remission at Rutgers, The State University of New Jersey and are residents of New Jersey seeking or receiving the New Jersey Tuition Aid Grant (TAG).

Eligibility Criteria:

1. A student must follow the university guidelines to receive dependent tuition remission.
2. A student must be receiving dependent tuition remission from Rutgers, The State University of New Jersey that covers the full cost of tuition.
3. The student must be a resident of New Jersey and meet other eligibility criteria for the New Jersey Tuition Aid Grant (TAG).
4. The student may not receive TAG for any tuition costs covered by dependent tuition remission.

Procedure:

1. University Enrollment Services will generate a report that consists of all dependent tuition remission university wide.
2. University Enrollment Services will then verify the amount of dependent tuition remission awarded to the student and compare it to the cost of tuition.
3. If a student is determined to be receiving full dependent tuition remission, University Enrollment Services will notify the student that they are ineligible for the New Jersey Tuition Aid Grant.
4. Students who are eligible for both tuition remission and TAG will be required to repay the TAG award if the remission coverage is discovered after disbursement.

Appeals Process:

Students who are eligible for the New Jersey Tuition Aid Grant despite receiving dependent tuition remission may not appeal the decision to University Enrollment Services. The TAG award provides coverage for the same educational-related expense category known as “Tuition”.

Contact Information:

For questions or further clarification, students should contact their One Stop or Campus Financial Aid Office.

Policy Review and Updates:

This policy will be reviewed annually and updated as necessary to ensure compliance with institutional guidelines and state regulations by University Enrollment Services - Compliance.
